On November 8, the Education Legacy Fund hosted "An Enchanted Evening with A Little Night Music" at Carlton Hobbs, LLC in New York City. The event raised funds to support the ELF initiatives to award scholarships to outstanding students from Fashion Institute of Technology, New York Institute of Technology, New York School of Interior Design, Pratt Institute and School of Visual Arts, all CIDA-recognized curricula, and to support The ELF Horace Havemeyer III State of Design.

Honored with a Magda Bierman Award for contributions to the interior design profession were Adriana Scalamandre Bitter, Christopher Hyland and Vladimir Kagan.

The venue, a townhome designed by John Russell Pope and built in 1930 for Virginia Graham Fair Vanderbilt, was filled with exquisite antiques, delicious food catered by Sonnier Castle, wine provided by Frederick Wildman & Sons and music by the Loose Caboose. A worthy cause was generously supported and a wonderful evening was had by all.
